

ASPEN + SAPHNELO: Your Seamless Option for Patient Access

What Is ASPEN?

ASPEN is SAPHNELO's **non-dispensing pharmacy** that provides personalized support from e-prescription to fulfillment.

WHY USE ASPEN FOR SAPHNELO?

Designed for Efficiency

Easy-to-use portal for SAPHNELO prescriptions:

- Multi-user access for office staff with customizable permissions
- Built for quick onboarding and seamless integration into your existing workflow

To create an ASPEN Pharmacies account, visit:

www.aspenpharmacies.com/Identity/Account/Login
and click on NEW USER or LOGIN at the top right of screen

ASPEN provides
services support HUB for
electronic prescribing

Electronic Prescription to Fulfillment

A single digital flow streamlining your prescribing journey

- **ePrescribe for electronic intake** with immediate case creation
- **Comprehensive Benefit Investigation (BI)**
- **Robust Prior Authorization (PA) Support** identifying required steps and criteria early, initiating PA and guiding prescribers through digital PA submission

Offers electronic tools
to manage patient
prescription journey

Digital Prescription Management

Streamlines the process allowing prescribers to digitally manage the patient prescription journey

- **Real-time case status and task management** in the ASPEN Prescriber Portal keeps access steps visible and manageable

Facilitates communication
and coordination with
specialty pharmacies

Specialty Pharmacy Triage

Ensures accurate fulfillment for SAPHNELO

- Once approved, ASPEN **triages to the appropriate specialty pharmacy** based on the patient's insurance
- **ASPEN notifies the provider office** via the ASPEN Prescriber Portal
- **ASPEN notifies the patient** through the ASPEN Patient Portal and via SMS/text message

Supports patients with
financial resources and
access assistance

Personalized Patient Services

Supports patients with clear communication and affordability options

- **Onboarding and coordination:** Welcome texts, insurance status updates, and delivery/shipment alerts along with additional support
- **Authorization:** Obtains patient authorization (PAF) via text message link. If patient cannot provide authorization via SMS, verbal authorization can be provided via phone
- **Coverage:** Provides support for appeals and reauthorizations
- **Financial Assistance:** Eligibility screening and enrollment for copay and other assistance programs; annual reverification for patients on continued therapy
